

# experience north carolina...

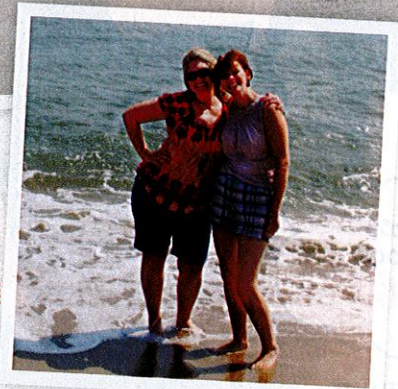

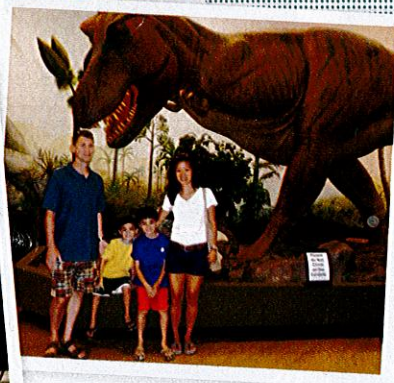

Through the eyes of three real Good Housekeeping winners!

North Carolina is known for its coastal beaches, lush mountainsides, and vibrant vineyards. To bring the beauty of the state to life for our readers, North Carolina and its partners generously awarded three lucky winners with an exciting trip to North Carolina so they could experience the state at its fullest—whether in Greensboro, on the Brunswick Islands or in the High Country Mountains. Here are some photos from their trips.

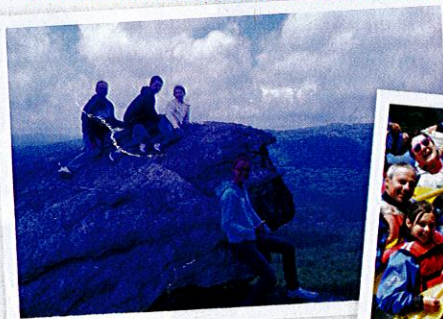

"We're back from the very green and lush North Carolina! We had an amazing time! The weather was perfect and the people of North Carolina are sooo nice with their southern charm—"y'all come back, now." It was a great experience. Thank you for a wonderful memory for our family. We do appreciate it."
